

LEADERSHIP & STRATEGIC PROFILE

Mohamed Al Mazrouei

Founder of NEXORA | Emirati Entrepreneur & Strategic Planner

Leading a human-first vision that brings together foresight, strategic planning and artificial intelligence to address challenges, create opportunities, and connect governments, companies and investors through a framework built for execution and growth.

FORESIGHT • BUSINESS & PLATFORM DEVELOPMENT • PARTNERSHIPS

Human-first leadership for opportunities with real-world impact

From vision to execution

Mohamed founded NEXORA to address fragmented opportunities and the difficulty of reaching the right partner, company or institution. His approach combines human and market needs, analysis, relationship building and continuous development - using AI and human interaction as complementary strengths.

AI proposes and assists. People review and decide.

NEXORA

Founder and vision lead of a platform connecting government, business and investment opportunities with the most relevant people and organizations.

Execution

Founder & Director of the Smart Services Portal, with hands-on contribution to an award-winning family agricultural project.

Partnerships

Participation across exhibitions and events, building a growing professional network in the UAE and international markets.

AI-enabled future

A business-management experience designed to evolve with AI while keeping final control human: Approve, Edit, Cancel.

Experience that builds confidence

Credentials

- Certified Trainer from the University of Oxford, United Kingdom.
- Comprehensive Strategic Planning certificate from the United States.
- Experience in foresight, artificial intelligence and automation.
- Founder & Director of the Smart Services Portal.
- Former member of the Mohammed Bin Rashid Establishment for SME Development.

Practical results

Contributed to the development of "Abu Dhabi Flowers Farm", recognized in the Sheikh Mansour bin Zayed Agricultural Excellence Award:

1st place - 2024

2nd place - 2025

He has also participated in exhibitions and events in the UAE and internationally, strengthening market insight and cross-border relationships.

Partnership opportunities

Government and institutional partnerships • Investment in NEXORA • Joint initiatives and platforms • Strategic advisory • Foresight and innovation • Advisory councils and speaking engagements

Human-first partnerships that turn knowledge and technology into lasting impact.
